

Uh oh.

iPhone & Android Chargers Now Available at the Student Union

We've all been there. You got home late last night and forgot to plug your phone in OR your charger wasn't actually connected during your drive to school this morning. Now, you're on campus with snap stories that could help piece together the night before AND an e-mail from your professor letting you know that class has been cancelled-but your phone is dead. Fear no more. The LSU Student Union, in partnership with the LSU Student Government, now provides both iPhone & Android chargers at the Information Desk.

The LSU Student Government was able to allocate funds for the purchase of the phone chargers in the LSU Student

Union this past semester. Senators Colleen Cecola and Ellis Rech authored Student Government Finance Bill No. 5 and said the money will buy five Android chargers, three iPhone 4 chargers and eight iPhone 5 chargers. "We think that fairly accurately describes what students would need," Rech said to the Senate. "I think it's safe to say these chargers would apply to everyone on this campus."

It's easy to check out chargers! Simply hand over your Tiger Card and choose from the following options, including wall adapters, to help bring your phone back to life:

- iPhone 5 and newer models

- Android

- iPhone 4 and older models

- USB wall adapters

When you're finished, simply return the charger to the Information Desk to receive your Tiger Card. If you have any questions, please contact Auxiliary Services at 225-578-5141.
